

# PRECISION TSUGAMI EMO Hannover 2025

## 22–26 September 2025

Place: Deutsche Messe, Hannover

Address: Messegelaende, 30521 Hannover

**HALL 17, BOOTH No. A58**

### Greeting

We would like to express our deepest gratitude for your cooperation.

We are pleased to inform you that we will participate EMO HANNOVER 2025,  
and exhibit our products including new models.

Based on our know-how of precision processing developed over many years, we offer  
the latest precision machines that meet the various needs of the manufacturing industry,  
including microfabrication, that are getting more complex and highly precise.

We look forward to seeing you at EMO HANNOVER.

July 2025

## CNC PRECISION AUTOMATIC LATHE

NEW

### PO56WE

Small diameter automatic lathe with independent opposed tool posts suitable for the micro products

### B0126E-VR

Update model of B0126E-V with the latest hardware/software

### B0326E-III

Enhanced variations and various options for diversified workpieces

## CNC PRECISION AUTOMATIC LATHE

NEW

### BW389ZE

Automatic lathe for diverse simultaneous processing up to  $\varnothing 38$  mm by 3 independent tool posts

### S206AE-II

Swiss type automatic lathe with modular tooling and various tool selections

### HS327-III-5AX

Automatic lathe with B-axis tool post and 5-axis simultaneous control for complex-shaped workpieces

## CNC LATHE

### MO8SYE-II

CNC lathe with Y-axis, back spindle and live tool

## TURNING CENTER

### HS20MH-III-5AX

Swiss type automatic lathe with 5-axis simultaneous control and max. 25,000 min<sup>-1</sup> tool spindle

## MACHINING CENTER

NEW

### VA3SHE

BT30 vertical machining center with tilting rotary table and direct ATC
